

# SunBell

## General, task, and torch light in one dependable solar lamp.

With more than 4 million lamps delivered since 2015, SunBell's modular design and proven quality set it apart from more basic solar lanterns.

- General light: can serve as both a primary room light and a softer night light.
- Task light: brighter, more focused light for activities like reading, cooking, or working.
- Torch light: portable, handheld light that can be detached from the lamp shade, allowing it to be used as a flashlight.
